### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising a floatation device for eyeglasses having temples with a straight portion and a curved ear portion, said device having a body formed of a resilient, soft floatation material, said body having a longitudinal passage through which the temple can be threaded for resiliently gripping the straight portion of the temple, said passageway being substantially off centerline of the body whereby a minor portion of the body is on an inboard side of the temple and a major portion of the body is on an outboard side of the temple, as claimed. The prior art does not disclose or fairly suggest, by themselves or in combining with any other reference, to meet a combination of all the limitations as claimed in claims 1,4. Therefore claims 1-10 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
